Just What is the MEA?

The Maine Educational Assessments (MEA) includes Maine state required assessments in Mathematics, English Language Arts (ELA), Literacy, and Science. The 2018-2019 state summative assessment in Mathematics & ELA/Literacy for grades 3-8 will again be the eMPowerME delivered online by Measured Progress. The MEA Science continues to be a paper/pencil test for students in grades 5 & 8. Students in grades 3-8 have already begun this year's testing. The testing will continue through April 12th, if necessary.

Why is it Important to do Your Best?

These assessments provide a snapshot of the standards that guide instruction in the classroom and provide valuable information about student learning in our school. Information regarding how the students in our school perform as a whole is also made public each fall. Last year, our students outperformed all other Hancock County schools in both Mathematics and ELA. We would definitely like to have a repeat of that this year!

How Can You Help?

Make sure your child is well rested, has a good breakfast, and is here at school each day ready to learn. Have a conversation with your child about the importance of doing their absolute best on these important assessments.

Kindergarten Screening!!!

Kindergarten Screening for the 2019 – 2020 school year at Lamoine Consolidated School will be held Thursday, May 9th. A child who will be at least 5 years old on October 15, 2019 may enroll in kindergarten. Please call the school office at 667-8578 to register your child.

This Week's Lion Pride is 7th Grade!

MARCH 22ND, 2019

PATRON'S CORNER

The PATRONS future depends on the volunteer support of parents just like you!
